

THE RECRUITMENT DATA THEFT PANDEMIC

70%

of recruitment consultants rated data as their most important asset or one of their most important assets.

THE PERFECT STORM

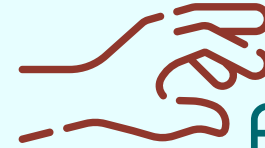

Data is critical to the success of recruitment consultants and recruitment agencies.

Recruitment consultants are willing to risk taking client and candidate data when moving agencies or setting up their own agency.

Recruitment agencies security controls are insufficient to prevent internal theft of client and candidate data.

64%

of recruitment consultants said they know someone who has taken data from an agency they have worked for.

EASY

63%

of recruitment consultants said it would be easy or very easy to take data from the agency they currently work for.
